

EDC Minutes

8/16/21

Scituate Public Library conference room

In attendance: Paul Bartkiewicz, Sue Di Pesa, Geena Savage, Susi Hofmeister, Matt Elder (Greenbush liaison), Kyle Boyd (director of planning and development), Freya (water resources), Jack McInnis, Amy Linnel (north Scituate liaison)

Call to order: 6:31 pm

Introductions

Chair remarks: Sue Di Pesa

Discussion about 2022 EDC initiatives including promotion of Scituate Visitors Center, Town of Scituate authorization of documentary, exploration of local room occupancy excise tax, empty store front solutions and established business group collaboration. We will continue to focus on North Scituate sewer project, pier 44 reuse and support the town with their effort to build a new water treatment plant. We will also work with Kyle to improve overall town communication with businesses and residents. We will also explore the possible expansion of the Scituate Sloop.

New committees will be formed prior to our next meeting to begin our focused efforts for 2022.

Next month we would like to hear directly from Kevin Cafferty or another town rep who can give us an update on north Scituate sewer project.

Pier 44: No meetings to date. Paul will report next month

North Scituate: Amy reports that business is brisk in North Scituate. They are planning "fall for Scituate" on 9/24 with lots of activities for adults and children.

Greenbush: Matt Elder reports lots of construction in the area with the Drew project, the Cutler owned building and Widows Walk construction. Otherwise business is good in that district.

Friends of North Scituate: No report except to say that sidewalks are being repaired and their group is now participating with the North Scituate Business group. Full report in Sept.

Freya: Water resources info meeting by zoom 8/18 @ noon. Freya will report in Sept.

Adjourned: 7:45 pm

Next meeting 9/20/21

Approved: September 20, 2021

TOWN OF SCITUATE
